

5/8" MECHANICAL KNIFE "GOLD HOLDER"

An exclusive mechanical knife holder design from Walt Powley Inline

MH-13-01
**Call or Email
for Pricing**

5/8" Mechanical Knife "Gold Holder"

Features

- 13.375" overall length.
- Solid steel construction of both the knife holder body and front plate.
- "Gold" coated to resist corrosion and rust.
- Mounts with standard 5/8" – 9/32" torx screws.
- Utilizes inexpensive replacement knives.

For use with

- WPM or other manufacture 5/8" undercut honeycomb knife cylinders with circumferences from 35.500" – 49.606".
- Inline rotary cutters.

Advantages

- Fast make-ready — knife holder can be fitted with cutting blade "off-press".
- Provides for rapid changeover of replacement cutting blades without removing the holder from the knife cylinder.
- Allows for both single cut (chop) and double cut (chip) knifing configurations.
- Provides huge savings in annual knifing costs and reduced make-ready / downtime.
